

Amendments to the Claims

This listing of the claims will replace all prior versions and listings of the claims in the application.

Listing of Claims

1. (Currently Amended) Foil for food packagings comprising a first layer of an aluminum material, at least a second layer of an aluminum material, and at least one extrusion-lamination layer of a tear-resistant polymer, wherein at least the second layer of aluminum material comprises an aluminum foil, the foil for food packagings further comprising at least one adhesion promoter layer co-extruded with the layer of tear-resistant polymer between one of the layers of aluminum material and the layer of tear-resistant polymer.

2. (Previously Presented) The foil according to claim 1, wherein the first layer of aluminum material comprises an aluminum foil.

3. (Previously Presented) The foil according to claim 1, wherein the first layer of aluminum material comprises an aluminum layer deposited by evaporation onto a plastic film.

4. (Previously Presented) The foil according to claim 1, further comprising a sealable layer co-extruded with the layer of tear-resistant polymer.

5. (Cancelled).

6. (Previously Presented) The foil according to claim 1 wherein the aluminum foil has a thickness of 5 to 20 μm .

7. (Cancelled).

8. (Previously Presented) The foil according to claim 1, wherein the layer of tear-resistant polymer consists at least partly of a polyamide, a partly crystalline, microcrystalline or amorphous polyamide, a polyester, a crystalline, partly crystalline or amorphous polyester, polypropylene, a high density polyethylene, and olefin copolymer or ionomer, a cyclo-olefin copolymer, a liquid-crystalline or rigid-chain polymer, polymer blends or a reinforced polymer.
